AMERICAN SHIP IN SAFETY ZONE TORPEDOED AND 20 LIVES LOST

SAID BARROWS MINE WILL SOON START UP

Daniel Waite of the Valley Ore Company was at Brainerd and Barrows Investigating Mine

Electric Power Reported will be Furnished by Cuyuna Range Power Co. Line from the Rowley Mine

Barrows, Minn., March 23.—It is reliably reported that the old Barrows mine of the Brainerd Mining Co. situated at the north end of town will soon be pumped out and active mining started by the Valley Ore Co. Daniel Waite of Duluth was in Brainerd and Barrows and mining engineers have examined the property. Electric power is to be supplied by the Cuyuna Range Power Co., which, it is said, will extend a line from the Rowley mine.

Stock People Seeking Bluffs to Avoid Water

(By United Press)
LaCrosse, March 23.—A strip of land in southern Minnesota 50 miles long and from two to six miles wide is under water. The Root river rose 12 feet in 12 hours, and all trains have been halted. Stock people are seeking the bluffs. Five feet of water covers hundreds of acres.

Ten Coal Dealers Indicted.
Cleveland, March 23.—Ten Cleveland retail coal dealers were indicted by the county grand jury for violation of the anti-trust law by combining to fix coal prices. The indictments charge that "from May 1 to Oct. 15, 1916, they were in a certain trust which was formed for creating and carrying out restrictions in trade and commerce."

SUSPENDS EIGHT-HOUR DAY President Wilson Acts to Speed Up Naval Work.

Washington, March 23.—The eight-hour day regulation applying to labor on navy department contracts in private plants has been suspended by President Wilson under the authority given him at the last session of congress to take such action in an emergency.

Steamer Was Bound for Holland With Oil Cargo.

Washington, March 23.—The American steamer Healdton was torpedoed without warning and sunk off Terschelling, Holland, in the so called "safety zone" by a German submarine. Twenty of the crew were drowned and one died of injuries. The submarine was seen after the attack.

This information was cabled the state department from American Consul Mahlin at Amsterdam.

The Healdton was a Standard Oil ship and was bound to Rotterdam with a cargo of oil from Chester, Pa.

Three boats were launched from the Healdton, one of which contained eight men. One of the men died on the way to port.

London advices asserted a boat containing seven of the crew had reached Terschelling on the North sea and that thirteen had reached Ymuiden, Holland.

They asserted the vessel was sunk without warning in the so called "safety zone."

Thirteen of the crew of the Standard Oil steamship Healdton are American citizens, the Philadelphia shipping commission said in New York.

The Healdton is a tanker of 4,480 tons gross and is owned by the Standard Oil Company of New Jersey. It was built in 1908.

The steamer Healdton sailed from Chester, Pa., Jan. 26, for Rotterdam with 2,137,711 gallons of refined petroleum valued at \$106,886. It was last reported three days later 720 miles east of Delaware breakwater.

The Healdton was commanded by Captain Christopher. It was built at Greenock, Scotland, in 1908. Its home port was New York.

NEW YORKERS CLAMOR FOR INSTANT WAR

New York, March 23.—Led by more than forty patriotic and civic organizations and college clubs a crowd estimated at 13,000 persons that filled Madison Square Garden enthusiastically pledged itself to the support of President Wilson and urged there be no more delay on the part of the United States in entering the European war against Germany.

Among the speakers were Elihu Root, who presided; Dr. John Grier Hibben, president of Princeton university; Charles S. Fairchild, who was secretary of the treasury under President Cleveland, and Mayor Mitchell. United States Senator Ollie James of Kentucky, Joseph H. Choate, and many others of prominence were present.

When Mr. Root, opening the meeting, declared the time has come for the country to act, irrespective of parties or partisanship, the great crowd arose, cheering and waving small American flags.

This demonstration was repeated time and again and it was with difficulty Mr. Root and the other speakers made themselves heard.

STANDARD OIL TANKER SUNK "SAFETY ZONE" SCORE PEOPLE PERISH

(By United Press)

London, March 23.—A score of people perished by the unwarmed sinking by German submarine of the Standard Oil tanker Healdton near the Holland coast in the "safety zone."

Germany is Determined on Forcing War Declaration

Washington, March 23.—Torpedoing of the Standard Oil tanker Healdton by a German submarine without warning in the "safety zone" near the Holland coast and by which a score of lives were lost, is to be answered by a continued speeding up in preparation of actual hostilities.

President Wilson and Secretary Lansing have known from the highest source and still hold to the firm conviction that Germany is determined on coercing a declaration of war from this country. The indications are that President Wilson will increase the cabinet by positions to cover the work of transportation and munition-making, but as yet has not decided.

Will Manage the War for the Russians

TWO VIEWS OF GRAND DUKE NICHOLAS

Grand Duke Nicholas, just made commander in chief of the Russian armies, will now manage the war for the Russians as he did at the beginning and before he was interfered with by the bureaucrats. He is considered the greatest soldier the war has produced.

RICHMOND P. HOBSON.

Suggests Plan of Placing Volunteer Inside Torpedo.

Photo by American Press Association.

Richmond P. Hobson is in Detroit to lay before Henry Ford the proposal of putting a man in a torpedo, making it a volunteer's task, like Mr. Hobson's when he sank the Merrimac in the mouth of Santiago harbor.

"I have had an idea for some time," said Mr. Hobson, "regarding a one-man torpedo, which might be used with deadly precision in times of actual stress in naval fighting. It is nothing more or less than the placing of a man in a torpedo."

No Revolution Germany Quiet and Satisfied

Berlin, March 23.—There is no revolution in Germany, that the country is united and confident and that there are seen "no signs of revolution." Both the officials and people are entirely satisfied with the submarine results, the progress of war and other conditions. The retreat on the western front is admired as Gen. von Hindenberg's clever strategy to save lives.

Faulty Construction of Bombs on Allied Ships Save Hundreds

(By United Press)

New York, March 23.—Only faulty construction in the bombs manufactured by Capt. John Killest which were to be placed on the allied food vessels saved hundreds of ships from destruction, was the testimony of Detective Barth at the trial today when six alleged bomb plotters were up. Hundreds of bombs were found in the holds of the vessels after they had reached France, was the testimony of Barth.

ENCOUNTER BIG GUNS WITH FIERCE FIGHT

(By United Press)

London, March 23.—The British and French troops are encountering fire from the big German guns and it is believed Gen. von Hindenberg's line has been reached. Fierce fighting is expected when the stand is taken by the enemy.

Mr. and Mrs. Con O'Brien and Mrs. M. E. Ryan have returned from St. John's University where they saw the college play presented by the 1917 academic class. The play was entitled "Half-Back Sandy" Clement Ryan son of Mr. and Mrs. Ryan gave a fine characterization of "Sandy" Smith, title role, and George O'Brien, son of Mr. and Mrs. O'Brien appeared as "Bill Short."

The comedy was in three acts and was finely presented. Music was furnished by the University Orchestra. The class colors were American Beauty and maize.

EXPLAINS USE OF TORCH

British General Says Germans Hope France Will Yield.

London, March 23.—Germany's devastation in Northern France may be a threat thus to treat all occupied territory unless France enters into peace negotiations.

This was the theory advocated by Major General F. B. Maurice, chief director of military operations of the war office, in his weekly talk to the press.

"The extent of the German retirement was no surprise to us," he said, "and you may feel that I prepared you for it. Just where the new line will be formed it is impossible to say. It is by no means certain that the Germans will again offer battle on the Cambrai-Laon line."

KAISER'S KIN FAILS TO RETURN FROM RAID.

Berlin, March 23.—Announcement is made that an airplane piloted by Prince Friedrich Karl, a cousin of Emperor William, has not returned from a raid over the lines between Arras and Peronne.

NO WARNING WAS GIVEN

Steamer Healdton Sunk by German Submarine.

London, March 23.—"The steam trawler Java has arrived here with thirteen members of the Healdton's crew," says a Reuter dispatch from Ymuiden. "They say the Healdton, unwarmed, was shot into flames by a German submarine in the so called 'safe zone.'"

"Of the crew of forty-one probably nineteen men were drowned owing to a sloop capsizing. Two others who jumped also were drowned.

"The Healdton was bound for Rotterdam by way of Bergen with 6,000 tons of petroleum."

4,000 AIRPLANES ANNUALLY

Government Would Require Them in Event of War.

Washington, March 23.—About 4,000 airplanes annually would be needed to put and keep the United States on the proper footing, in the opinion of the national advisory committee for aeronautics, meeting to consider speeding up aerial preparedness.

Of this number 1,000 would be attached to an army of 1,000,000 men; 200 to the fleet, 800 would be for harbor and seacoast defense and 2,000 for training pilots.

In a statement issued the committee says there are not more than twelve manufacturers of airplanes in the country entitled to government business and each would be stimulated by placing all orders for a particular type needed with one factory.

NEW AND DRASTIC STEPS
British Food Controller Preparing to Meet Situation.
London, March 23.—The food question is pressing daily with increasing stringency on the British public and, according to authoritative reports, a few days will see new and drastic steps on the part of the food controller, Lord Devonport, to meet the situation and prevent exploitation of the public by traders.
The controller announced in the house of lords that, although voluntary rationing had brought about excellent results, it might be necessary to resort to compulsory rationing, which would be a national calamity.

MONTANA SESSION COSTLY
Legislative Expenses Heaviest in History of State.
Helena, Mont., March 23.—The Fifteenth state general assembly, which adjourned March 2, appropriated \$102,000 for its maintenance and expended, it is known, \$167,039. The total deficit is expected to reach about \$10,000. The cost of holding the legislature this year was the heaviest in the history of the state.

LISTEN TO THIS!
SAYS CORNS LIFT RIGHT OUT NOW
You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.
It is a sticky ether compound which dries the moment it is applied and simply shrivels the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of freezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus.
You are further warned that cutting a corn is a suicidal habit.

EASTERN ROADS ASK HIGHER COAL RATES
Washington, March 23.—Presidents of seven Eastern coal carriers asked the interstate commerce commission to put into immediate effect increases of from 5 to 15 cents a ton in bituminous coal rates, the 15-cent rate to apply to lake ports and consequently affecting Minnesota coal shipments.
The following roads seek the increase: Pennsylvania, New York Central, Baltimore and Ohio, Norfolk and Western, Chesapeake and Ohio, Virginian railroad and Western Maryland roads.
The proposed increase is based on "the necessity for more adequate revenues," and the road representative indicated this action is the first step in a general movement to revise freight rates to enable carriers "to meet increased burdens imposed on them."
This is regarded as the first direct fruit of the decision of the supreme court upholding the Adamson law.

ROBERT WARWICK
SELZNICK PICTURES

Argyle Case at Best

Sex problems and vampires may
have their day, but for the theme of
universal interest to the millions of
motion picture patrons there is
nothing like an absorbing murder
mystery, with a great detective for a
hero and a lovely and persecuted
young girl for a heroine. Of all the
detective dramas of recent years
none created such a sensation as
"The Argyle Case," which has now
been adapted for the screen as a Sel-
znick-Picture production and will be
shown at the Best theatre on Monday
and Tuesday, with Robert Warwick
as the star.

The story of "The Argyle Case"
lends itself exceptionally well to
screen presentation. Beginning with
the mystery of the Murder of old
John Argyle, an eccentric millionaire
the plot develops rapidly with sus-

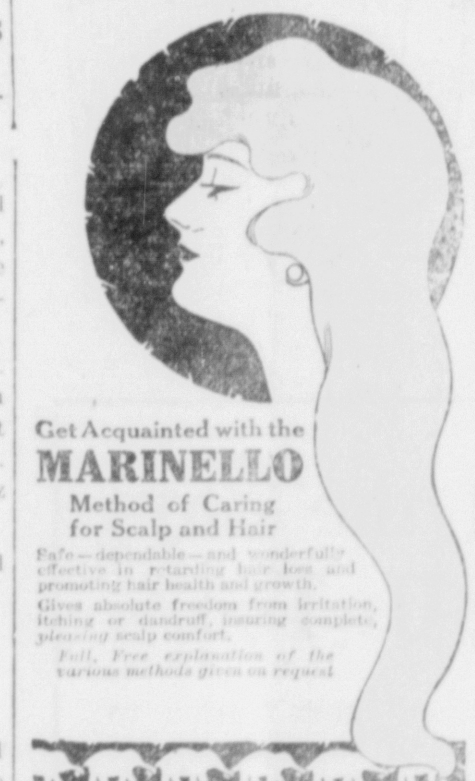

picion falling upon Argyle's adopted
daughter, who is the chief beneficiary
under his will. Asche Kayton, the
great private detective, is called in
and from the moment he meets Mary
he determines to prove her inno-
cence. In following clues that he
alone discovers, the trial leads him
into a series of most exciting adven-
tures, culminating in a tremendous
scene in the den of a gang of coun-
terfeiters.

Mr. Warwick is the ideal type for
the central role in this ripping good
story and he has been surrounded by
a cast of noted players selected with
extreme care by Director Ralph W.
Ince. The cast includes Elaine Ham-
merstein, Frank McGlynn, Charles
Hines, Arthur Albertson, Gazelle
Marche, Frank Evans, John Fleming,
H. Cooper Cliffe, Mary Alden and
Robert Vivian.

In Montana where Mr. Sewell is
ranching.

The best wishes of their many
friends will accompany them through
life.

MAKE TOURISTS MARVEL.

The Sharp Contrasts Between Austra-
lia and New Zealand.

One of the first surprises awaiting
the tourist from the northern hemi-
sphere is to find that Australia and
New Zealand may not be grouped as
two islands of like appearance, differ-
ing mainly in size, near neighbors
which may be treated as a unit. New
Zealand is nearly twice as far from
Australia as Bermuda is from New
York and is not only east, but also
south.

Four days' travel across a chilly sea
is required for the traveler from Wel-
lington to Sydney, and after exchange-
ing the chill midsummer climate of
the New Zealand lake region for the
heat of Adelaide one readily accepts
the evidence of the map that the south-
ern coast of the Australian mainland
has the latitude of central New Jersey,
while the southernmost of the three
islands which compose the Dominion
of New Zealand occupies the position
of southern Newfoundland.

In climate and vegetation the two
dominions are as unlike as Norway and
South Carolina. New Zealand is a land
of mountains, gorges, rivers and floods.
The higher peaks of the South Island
are eternally snow capped, and the
glaciers of its southern Alps rival
those of Switzerland. The surrounding
seas are too cold for corals. Among
the mountains of the North Island vol-
canic fires are still active, and the
geysers and hot springs are little less
impressive than those of the Yellow-
stone park. The aboriginal inhabitants
of New Zealand at the time of their
discovery by Captain Cook were the
most advanced of all the south Pacific
races, while the aborigines of Aus-
tralia are the lowest in intelligence of
all human beings.

Australia is in no sense inferior to
New Zealand in geographic interest,
but lofty peaks, profound canyons and
active volcanoes are lacking. Its rivers
are unimpressive and its permanent
lakes small and few in number. It is
a continent composed of plains inter-
rupted by ridges and mountain knobs.

BERGH'S ORCHESTRA

MAKE YOUR RESERVATIONS EARLY

A very pretty wedding occurred at
the Windsor hotel yesterday after-
noon: the parties united together
in holy matrimony were Cloudesly
J. Sewell of Hindale, Montana and
Florence A. Smith of this city.

Rev. G. Phil Sheridan of the First
Congregational Church officiated.

Several musical selections were
given by Miss Evelyn R. Erickson
including Mendelssohn's wedding
march and "To the Water Lily" by
MacDowell.

To the strains of the march the
briday party wended its way to the
improvised altar and the beautiful
ceremony witnessed by about thirty
guests.

After the ceremony a sumptuous
repast was held in the dining room.
Miss Jennie Benson acted as
bridesmaid and G. Miller attended
the groom; Miss Beatrice Olson per-
formed her office as ring-bearer with
grace and dignity.

The bride is the only daughter of
Mr. and Mrs. W. L. Smith now of this
city; Mrs. Smith is a sister of Mrs.
A. J. Starritt.

The bride wore a gown of bridal
satin with an over drape of georgette
crepe; carrying a shower bouquet
of white roses and sweet peas also
wearing a wreath of sweet peas.

The bride was the recipient of
some very useful presents.

Mr. and Mrs. C. J. Sewell left last
night for a short trip and will re-
turn to Brainerd for a day or two
before leaving for their future home

SUNDAY PRAYS FOR WAR

Asks Lord to Tell America to Wipe Germany Off Map.

Buffalo, N. Y., March 23.—"Jesus, you're sure taking a lot of back talk from the kaiser," remarked Billy Sunday as he unfolded his newspaper and sipped his breakfast coffee.

"I wish, Lord, you'd tell America to help wipe Germany off the map, as you commanded Israel to destroy the idolatrous and corrupt Canaanites, Count Billy Sunday in up to his neck, Jesus, when war comes."

The evangelist before whom Buffalo has fallen, and who is poised for a spring drive against the New York division of Satan's army, is ready to turn the fight against "Teuton frightfulness" the minute Congress gives the word.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr.
Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action, yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities. You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

PREPARING TO OFFER BATTLE

German Armies End Retreat on French Front.

BIG ENGAGEMENT IMMINENT

London Reports That Along Entire British Line Teutons Are Stiffening Their Resistance—Turks Continue to Fall Back Before Russians in Persia.

London, March 23.—The Germans, according to the latest British and French official communications, apparently are ending their retreat along the front in France and are preparing to give battle everywhere to their oncoming foes.

Paris reports that between the Somme and the Oise the Germans made successive violent attacks against the French troops holding the east bank of the St. Quentin canal, but the French machine guns stopped them.

Attacks also were delivered by the Germans near Laferre and between the Laon road and the River Aisne, but the French barrage broke them up.

London reports that from the south of Arras to the west of St. Jutrin, along the entire British front, the Germans are stiffening their resistance increasingly.

French Claim Only Advance.

The only advance by the entente along the French front is claimed by the French, who crossed the Ailette river at several points.

The communication of the Berlin war office asserts that on both sides of the Somme and Oise rivers engagements between German and entente advance detachments have resulted favorably for the Germans.

There has been no renewal of activity on the Russian front in the Vilna region. Here the Germans made an advance over a front of two and a half miles east of Lida and captured 225 Russians and a number of guns.

Petrograd admits that advance, but says that later the territory was retaken. In Galicia, near Brody, German attacks have been repulsed.

The Turks in Persia are still in retreat before the Russians, says Petrograd. Nothing new has come through concerning the operations of the British against the Ottomans north and northeast of Bagdad.

PERMISSION IS WITHHELD

American Ships Not Allowed to Pick Up Refugees.

Washington, March 23.—Germany and Austro-Hungary have not indicated a willingness to give safe passage to the American cruiser Des Moines and naval collier Caesar, commissioned to deliver supplies and bring out 1,000 American refugees from Syria.

This information has come to the state department from Turkey.

The Caesar left New York last December as a "Christmas ship." It contains \$250,000 worth of food and clothing for destitute Syrians.

Deep concern is felt here over the plight of the stranded Americans in Beirut.

ROMANOFFS SUBMIT TO NEW CONDITIONS

London, March 23.—All the members of the former Russian dynasty have placed themselves at the disposition of the provisional government, according to a Reuter dispatch from Petrograd. Grand Duke Cyril has resigned his command of the naval guards.

Another Petrograd dispatch to Reuter's says that political prisoners released from the Hertchinsk prison in Siberia have arrived at Chita, where they were given a big reception and welcomed by military bands. Among the prisoners was Maria Spiridonova, who was carried through the streets on the shoulders of the crowd.

AMERICA IS FIRST TO ACT

Formally Recognizes New Government of Russia.

Petrograd, March 23.—The United States is the first nation to recognize formally the new government of Russia. Ambassador Francis made a preliminary call on Foreign Minister Miluffoff immediately on the receipt of instructions from the state department at Washington.

Accompanied by his staff, including the naval and military attaches, he went to the Marinsky palace, where the council of ministers was assembled, made the recognition and presented congratulations and felicitations on behalf of the United States.

British to Build More Ships.

London, March 23.—The government has arranged for the construction of 100 standard mercantile ships in three sizes of 18,000, 5,000 and 3,000, respectively, according to a statement made in the house of commons.

POLITICAL POINTERS

Tomorrow is the last day for filing nominations for places on the city ticket for the election which takes place April 3d.

J. H. Strickler filed his nominating petition for alderman in the Third ward with City Clerk Mahlum this morning.

A petition is being circulated for signers this afternoon nominating Wm. V. Turcotte, the Sixth street grocer, for mayor.

Steve Gartner is said to be a candidate for alderman from the Third ward.

OTHER PEOPLE'S OPINIONS

My Dear Mr. Hartley:

I have sent Mr. LaBar a card, so I enclose one for you. I wish you could persuade the Daily Dispatch to answer the following questions. It would be just as beneficial to you as to me. I know, but others do not.

What salary do members of Board of Education receive? How long a term? What does the clerk get a month for all his hard work? (None of that for me in the next 1000 years, I just want to know more about the whole educational system of America—no, U. S. is enough.) Do you

have a printed constitution that would be available now? Etc. Enough of this.

Do you realize that all over the known world there is a greater and greater desire for real knowledge? Did you notice, that in spite of the war, England has held two big educational conventions, consisting of representative educators from all the countries of Europe and Asia? This is the cosmic urge that has taken hold of the women of this country.

I hope you are smiling by this time and are willing to admit that just 2 or 3 women on the Board of Education would not destroy your peace.

Yours respectfully and sincerely,

LOUISE WHITE MCKAY.

O! I forgot to say, the reason I urge you to go to Dispatch—they do not feel they could commit themselves in any way in politics for us.

M. L. MCK.

Thursday, 22—a. m.

Brainerd, Minn., Mar. 23rd, 1917.

Mrs. Louise White McKay,

Brainerd, Minn.

Dear Madam:

In compliance with the requests contained in your letter to me of the 22nd inst., I will endeavor to answer your questions and deliver both letters to the Dispatch for publication.

I. The Brainerd School District was incorporated under a Special Act of the Legislature Approved Feb. 21st, 1881, and amended Ch. 134, Special Laws 1881, Ch. 106, S. L. 1885, S. L. 1889, Ch. 118, S. L. 1891, Ch. 239, and by provisions of the General Laws of Minn., and has no constitution other than the laws of the State.

II. The members of the Board are elected for a term of four years and

receive no salary as such, but the law provides that the Board shall fix the salary of the Secretary and Treasurer and their compensation has been fixed by the Board as Forty dollars per month for the Secretary and ten dollars per month for the Treasurer, the Secretary acts as Clerk for the Board.

I do not claim to be an educator or to be well posted on the whole educational system of the United States, but, as a member of the Board of Education of Brainerd, it has been my aim, and believe this is true of all the other members, to furnish the district the best corps of teachers and the best equipment possible, with the limited amount of money at the disposal of the Board, to see that the buildings were sanitary and comfortable, and that for every dollar expended the district received full value.

Personally I do not believe that being a woman either qualifies or disqualifies a person for membership on the Board of Education, but that the principal qualifications for a good member are sound business judgment, honesty and a willingness to put in a great deal of hard work in looking after the details of the business of the district.

Yours very truly,

R. J. HARTLEY.

We Want the Boys to Visit Us Too

If "dad" or "mother" hasn't time to come with you ask them to come alone. We have a dandy boys' store here and we want to get acquainted with you. Just come in and tell us you want to look around, then we'll know.

Boys' Spring Suits

Character and value in everyone—regular friendmakers. Prices and qualities please mothers and fathers and "son" likes them because they're patterned after big brothers and show all the snap and go of the men's new models. Norfolk, pinch backs, sacks, patch or flap pockets—solid colors or mixtures.

Good Blue Serges for Confirmation
Wear. \$6.00 to \$10.00

Youthful Furnishings

Shirts, blouses, clothes, ties, hats—we're ready all way 'round to outfit the youngsters. Good assortments, good styles, good values—a fine place to start the boy right—for once he gets acquainted with "right dressing" he is pretty sure to know how when he grows older—and that's the point to remember.

Spring Clothes Show Days

Spring things are ready all through the store and we're going to keep "open house" from

March 24th to April 7th

There's nothing fussy or filly about the affair. Just drop in, find out what well dressed men are going to wear this Spring. We've arranged displays that tell a lot in a moment and you can slip on a few coats to see which of the new styles suit you best.

Most of you men seem to think you'll bother someone when you aren't ready to buy—that's the "why" of Spring Clothes Show Days—to emphasize how welcome you are to look things over any time you wish, and to introduce the new style notions.

Buy or don't buy—suit yourself. We aren't going to urge you to spend your money—but you owe it to yourself to come in and find out what's what, and we'll be mighty glad to see you.

Totally New Ideas in Sincerity Suits

Smart novelties or conservative models—to suit your liking. The backs have the buttons placed higher and closer. There are some clever ideas in the young men's lively styles, including the pinch back. Fact there are so many fabrics, colors, patterns and models, that we're sure we can please and satisfy everybody.

\$15.00 to \$27.50

Variety is Noticeable Among the Top Coats

They vary from conservative medium weight Chesterfields to belted round and pinch back styles and novelty cloths. There are a lot of variations in pockets and cuffs too. Just slip on a few of the new models one day soon and see how good looking they are. No bother at all for us—come in.

\$15.00 to \$25.00

Lion Brand Spring Shirts

Bright snappy colors in some others are quieter toned. Choose from silk, madras or printed cotton—full bodied and right fitting—fast colors priced at

\$1.25 to \$4.00

Derbies and Soft Hats

Pretty sure to match your own idea of a good looking hat in the new styles here. Derbies—brown or black; soft hats, sand, medium brown, gray or green, and a fine lot of novelty hats that are strong this season—\$2.00 to 13.50.

All Silk Spring Ties

Easy sliding, temper-saving in the way they're made—match the shirts in their colors—decidedly 1917. Four in hands or bats—suit yourself—50c to \$1.25.

TEN LOTS FOR GARDENS GIVEN

J. C. Butala, of Butalodge, Near Brainerd, Communicates With City Development Committee

MAKES A GENEROUS PROFFER

Lots are Twelve Miles from Brainerd at the Head of South Long Lake, Bus Service

The city development committee of the Chamber of Commerce has received this letter from J. C. Butala, manager of Butalodge near Brainerd:

"Reading the offer in the Brainerd Dispatch, 'Back Yard to Blossom like Roses' and asking owners of vacant lots to list the same with your committee, I have a tract of land, 10 lots, that I will be pleased to let 10 families or more use for garden purposes free, situated about 12 miles away at the head of South Long Lake, which is known as the Eastlake Park Gardens.

"Families wishing to care for their lots can have the use of the building with cooking stoves and utensils free, also the use of cold room in ice house for perishables, to those who will come on week ends only will have bus service from Brainerd for fifty cents round trip.

"To those who wish to take advantage of this offer must let me know before April 1st, so I can make arrangements with your committee accordingly, also for the occupancy of buildings. Lots are right on lake shore property, and will not be subject to sale during free use. But under no consideration will dogs be allowed to run loose on premises. If there is any other further information wanted, will be glad to give same."

***** BRAINERD'S OLDEST STORIES OF TODAY *****

Col. Stivers, editor of the Superior Telegram and former Brainerd newspaperman, turns out some gems of thought in his two columns on the second page of the Telegram.

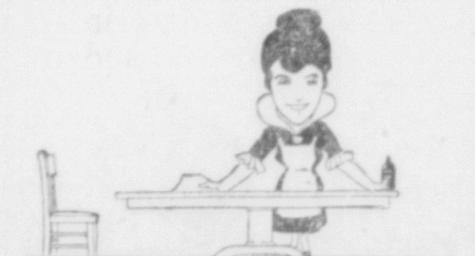

"What's the use of preparing for anything? Why not just hold a dish and wait for manna from heaven to drop in to it?"

"Unpreparedness for defense might be very bad for fat men, if only the lean, long-legged ones are able to escape from the enemy."

Spring has arrived in Brainerd, according to the calendar, but some of the local merchants seem backward in advertising spring suits, spring hats, spring finery. Like many Brainerd people they hate to trust the weather. And Easter comes early in April.

There was consternation at the home of Victor Carlson this morning and a veterinary was called when his cow swallowed her cud. This is an unusual action on the part of a cow and a new cud must be provided or her whole digestive machinery will become disarranged.

To clean brass flowerpots or trays rub them with a piece of lemon; then pour boiling water over them and finally polish with a soft dry cloth.

GULL LAKE AND BRAINERD

Difference in Temperatures as Revealed by Climatological Data

For February

In the climatological data for February as compiled by U. G. Purssell, meteorologist of the weather bureau, Minneapolis, one can read of temperatures taken at about a hundred points in Minnesota.

It is interesting to compare Brainerd and the Gull Lake station, eight miles distant.

Brainerd's highest temperature for February was 39 on February 17. Gull Lake registered 40 that day. Brainerd lowest in February was 29 below on February 2. Gull Lake registered 30 below. Brainerd's greatest daily range was 40 degrees, Gull Lake's was 45 degree. Brainerd's total precipitation for February was .68 inches, Gull Lake's was .96 inches.

There is a great variation in temperature between places in the same locality. Take for instance Brainerd's coldest day in February, on February 2. It was 29 below. At Little Falls it was 24 below; Fort Ripley 26 below; State Sanatorium near Walker 24 below; Duluth 18 below; International Falls 25 below; Itasca State Park 28 below.

COMMISSIONERS PROCEEDINGS

Proceedings of the Board of County Commissioners, Meeting Held March 17, 1917.

Pursuant to call from the County Auditor to consider the report of the Engineer and Viewers in Ditch No. 15, the board met at the county auditors office in the city of Brainerd on March 17, 1917 at 1 o'clock p. m. Present, Commissioners Crust, Mathison and Erickson.

Assistant Engineer R. D. Keath and two of the viewers namely: W. H. Andrews and G. S. McCulloch, were also present.

After listening to the report of the engineer and viewers, remonstrances against the establishment of the ditch were heard from the following: W. F. Wieland, who appeared for the Tohique Land Co., made general objections to the construction of the ditch. T. R. Foley, representing the T. R. Foley Co., objected to the benefits as shown on the viewers report to the ne 1/4 of nw 1/4 Sec. 15, ne 1/4 of ne 1/4 Sec. 17, nw 1/4 of nw 1/4 of Sec. 21, and sw 1/4 of ne 1/4 of Sec. 23, all in Twp. 138, Rge. 25. He had no objections to the benefits to the nw 1/4 of ne 1/4 of Sec. 13, said township and range.

Paul Held objected to the construction of lateral No. 4.

After the board had listened to arguments in favor of the Ditch from a large number of the settlers who would be affected by and assessed for the construction of the ditch, Commissioner Erickson moved that the report of the engineer and viewers be accepted and that the ditch be ordered established, which motion being seconded by Commissioner Mathison, was unanimously carried on a vote of ayes and nays. Finding were thereupon made, ordering the establishment of the ditch.

On motion of Commissioner Erickson and seconded by Commissioner Mathison, two 24 inch culverts were doated to the town of Oak Lawn, to be used on the East Town Line Road, between Sec. 24, of the town of Oak Lawn and Sec. 19, of the town of Nokay Lake.

On motion board adjourned to April 3, 1917, at 10 o'clock a. m.

300,000 BROOK TROUT

Fish Hatchery Car "Glenwood" Passed Through Brainerd from Trip to Bemidji

The fish hatchery car, "Glenwood" in charge of Fred Heigen passed through Brainerd today, having just brought 150 cans of brook trout to Bemidji. It is estimated there are some 2,000 trout fry to the cans. These will be planted in brooks and streams in the vicinity of Bemidji.

A shipment previously made was to Thief River Falls, where 150 cans were unloaded. On that first trip of the season the "Glenwood" fish hatchery car was snowbound for a week on the Morris branch line of the Northern Pacific.

ESSAY CONTEST CLOSES APRIL 1

"What Brainerd Most Needs and What I Can Do to Assist," is Title of Same

HIGH SCHOOL PUPILS CONTEST

Inaugurated by the Chamber of Commerce, Five Judges to Decide on the Winners

The time is approaching when the essays to be submitted by the students of the high school in the Chamber of Commerce City Loyalty Contest, will be considered and judging from the interest shown by the students, some good ideas from our young people are certainly to be brought out.

The contest closes on April first, and the essays will be judged on April third by a committee of five, made up of prominent local people. The students are turning in their essays to Superintendent Cobb, and he in turn will present them to the committee.

The name of each student submitting an essay will be written on a separate sheet of paper accompanying the essay, so that the judges will not know the name of the student when the essay is considered, and thus insure absolute impartiality.

"What Brainerd Most Needs and What I Can do to Assist," is the subject the students are writing on and they are limited to two hundred (200) words. The subject offers wide opportunity and it is a self-evident truth that there are a number of things that Brainerd needs and it depends upon us to do our part.

The idea of the younger generation are worthy of consideration and they often set the pace for their elders in community work. The names of the winners and a group photograph will be published in local papers and also in eastern publications with which the secretary is in close touch.

It is not alone for the prize that the student should bend his energies but the honor of advertising Brainerd abroad as the "father of practical ideas for community betterment" is something worth while.

SPORT NEWS

Louisville

A. A. Team

Louisville, Ky., March 23.—Prospects for a winning team for the Louisville Colonels, who captured the 1916 American Association championship are better now than at a corresponding period last season.

The chief reason is that the 1916 pitching staff in March was a pure gamble of big league cast offs, and a few minor league rookies, with only dependables of former years on it.

This spring Clymer has eight tried and tested heavers.

The 1916 pitching staff did prove a gamble, as it caved in long before the season was well under way and Clymer had to rebuild. Because of the apparent strength of the pitching staff, local fans are hugely encouraged over pennant prospects. The infield is intact from last year, and the outfield practically will be the same.

Four pitchers were lost from last season's roster, and three have been signed to replace them. Pitcher Jake Northrop was released to Indianapolis. Jimmy Middleton was traded to New York for half a dozen players and Rube Schauer was drafted by the Athletics.

Pitcher "Lefty" James went to Columbus in a trade for Pitcher Frank. Fred Beebe and Miles Main are newcomers. The holdover hurlers are Adolfo Luque, Emilio Palmero, Ralph Stroud and Hub Perdue. Clymer figures his the cream of the minor league pitching world.

This season's catchers are Frank Crossin and Vernon Clemens, both of whom have worn Louisville uniforms before. Last season the latter was with the Browns and Crossin was at home with a sore arm.

The infield of Kirke, first base; McCarth, second base; Roach, shortstop; and Correden, third base, didn't miss an inning or a time at bat during all of last season, thereby setting a world record, remains intact. The outfielders who are back are Bert Daniels, a former Red, Geo. Whiteman and Al Platte.

The club has decided to cease all effort to induce Pete Compton to sign and to replace him, has purchased Johnny Bates, another former Red. A fifth gardner is Gus Williams, a former Brown, drafted from Nashville.

The Colonels won the pennant last year through their infield strength, and classy pitching during the last two months of the season. With the hurling seemingly improved and the same infield on tap, there is no reason to expect that Clymer will depart from his usual custom of having something to say about the awarding of the pennant.

GERMAN RAIDER ELUDES PATROL

Roams Atlantic and Captures Twenty-seven Ships.

RETURNS SAFELY TO PORT

Auxiliary Cruiser Moewe Makes Second Cruise to Attack Hostile Shipping—Depredations Create Loss to Enemy of About Seventeen Million Dollars.

Berlin, March 23.—The German auxiliary cruiser Moewe has returned to a home port of the navy from the second cruise in the Atlantic ocean, it was announced by the German admiralty.

The Moewe, according to the statement, captured twenty-two steamships and five sailing ships aggregating 123,100 tons gross. The statement follows:

"The German auxiliary cruiser Moewe has returned into a home port of the navy from a second cruise of the Atlantic ocean where she stayed for several months under command of Burggrave and Count von Dohna-Schodien.

"The ship captured twenty-two steamers and five sailing vessels with a gross tonnage of 123,100. They included twenty-one hostile steamers, of which eight were armed and five in the service of the British admiralty, as well as four hostile sailing ships.

Norwegians Lose One Ship.

"Among the vessels captured by the Moewe were the Voltaire, an English steamer of 8,617 tons gross, in ballast, carrying a 12-centimeter gun; the Norwegian steamer Hallbjorg of 2,587 tons gross and the Mount Temple."

The above dispatch gives the first definite identification of the Moewe as the South American raider. It had been previously reported from unofficial allied and neutral sources as the converted cruiser Vineta.

The Moewe on the second raiding cruise, just concluded, succeeded in breaking all records for elusiveness. Her record of ships sunk, as reported above, is two less than that of her former predecessor, the German cruiser Emden, which sank twenty-three vessels. But the Emden herself was destroyed.

On her first raid the Moewe was credited with sinking fifteen ships, so that with the twenty-one reported above she has now accounted for thirty-six vessels, a record in naval warfare.

Her depredations have probably cost shipping in the neighborhood of \$17,000,000.

DECLARES GERMANY FINANCED PLOTTERS

New York, March 23.—An alleged admission that money for the establishment of a bomb factory in Hoboken, N. J., was furnished direct from officials of the German embassy at Washington was read, when the trials were begun here of six men charged with having attempted to create a reign of terror on the high seas by destroying vessels sailing from American ports with cargoes for the entente allies.

The defendants are Captain Charles von Kleist, Karl Schmidt, Ernest Becker, Frederick Karbade, George Praedel and Wilhelm Parades.

How the police trapped the alleged plotters, after bomb explosions in 1915 had destroyed vessels and cargoes worth \$4,000,000, was recited to the jury by Henry Barth, a detective, who gained the confidence of von Kleist by representing himself as an agent of Wolf von Igel, said to have been head of the German spy system in this country.

Courtroom Humor.

Case and Comment says that when Major B. R. Dysart, Nestor of the Missouri bar, was presenting a motion for a new trial before a special judge at Macon, he was severe in his criticism of the rulings during the trial proper, and he insisted so vehemently that the trial had been unfair that the judge became irritated and exclaimed:

"For goodness' sake, major, please give the court credit for a little sense!"

Major Dysart's gray eyes twinkled as he retorted:

"But, your honor, the rule is in presenting a motion for a new trial that we cannot take into consideration anything which was not shown in the trial on the merits!"

RANCH DEPLETED OF HAY

Elks Raid Place While Owner Attends District Court.

Hamilton, Mont., March 23.—The ranch of W. Hildebrand, about ten miles east of this city, was entirely depleted of hay by a band of elk during the week he was serving as juror in the district court. "A four-wire fence failed to prevent the hungry elk from breaking through and eating it all up. The animals are quite tame, browse about the ranch like cattle and seem to be very much at home.

CARRY OUT SUICIDE PACT

Two Young Women Kill Each Other in Cafe.

Portsmouth, N. H., March 23.—Two young women held revolvers at each others' temples and fired, both dropping dead, in a booth of a Portsmouth cafe. They had previously registered at the Rockingham hotel as Ethel Stanton and Rose King of Wellesley, Mass.

In a traveling bag left at the hotel was a letter telling of a suicide pact.

AMERICAN SHIP UNARMED

Steamer Haldton Left Port Before Guns Were Authorized.

Washington, March 23.—The sinking of the Haldton adds another grave chapter to the story of war waged against American shipping by Germany to be laid before congress by President Wilson at the special session he has called for April 2. It can cause no immediate change in the situation.

Since the destruction of three American ships Saturday and Sunday administration officials have considered that a state of war existed and it is to meet this situation that congress has been summoned to authorize steps beyond the arming of merchantmen.

The Haldton was unarmed, having left her port before the president authorized the navy to furnish guns and gunners to merchantmen. Its fate serves to heighten the profound interest with which the government and the public awaits the time when an American vessel prepared and ready to send a shell into a hostile submarine on sight will enter the war zone.

Certificate of Amendment of the Articles of Incorporation of the Mahlum Lumber Company

I, Mons Mahlum, President of the Mahlum Lumber Company, a Minnesota corporation, do hereby certify:

That a special meeting of the stockholders of said corporation was held at its office in the City of Brainerd, Minnesota, on the 12th day of March, A. D., 1917, at 11:00 A. M. Which meeting was called for the expressly stated purpose of considering and acting upon, proposed amendment of Article Four, to change the highest amount of indebtedness or liability to which the corporation shall at any one time be subject from \$75000 to an amount not exceeding the outstanding paid up capital stock. A vote taken upon such proposed amendment resulted in the adoption, by majority vote of all the shares of stock of said corporation, of the following:

RESOLUTION

Resolved: That Article Four of the Articles of Incorporation of the Mahlum Lumber Company be, and the said hereby is, amended so as to read as follows: Article Four: The highest amount of indebtedness or liability to which this corporation shall at any one time be subject shall not exceed the outstanding paid up stock.

Witnessed by hand and seal of said corporation at Brainerd, Minn., this 12th day of March, A. D. 1917.

Signed: MONS MAHLUM, (Seal) President.

Attest: JOHN M. MAHLUM, Secretary.

State of Minnesota, County of Crow Wing.

On this the 19th day of March, A. D. 1917, before me, a Notary Public within and for said county, personally appeared Mons Mahlum and John M. Mahlum to me personally known, who being each by me duly sworn did say that they are respectively the President and the Secretary of the Mahlum Lumber Company the corporation named in the foregoing instrument, and that the seal affixed to said instrument is the corporate seal of said corporation, and that said instrument was signed and sealed in behalf of said corporation by authority of its Board of Directors and said Mons Mahlum and John M. Mahlum acknowledged said instrument to be the free act and deed of said corporation.

EDWARD B. DARLING, Notary Public, (Seal) Crow Wing County, Minn. My commission expires Feb. 6, 1924.

State of Minnesota, Department of State.

I hereby certify that the within instrument was filed for record in this office on the 20th day of March, A. D. 1917, at 9 o'clock A. M., and was duly recorded in Book D-4 of incorporations on page 527.

JULIUS A. SCHMAHL, Secretary of State.

State of Minnesota, County of Crow Wing, ss.

I hereby certify that the within instrument was filed for record this 22nd day of March, A. D. 1917, at 4 o'clock P. M., and recorded in book P. of Misc. on page 175.

DON'T FUSS WITH MUSTARD PLASTERS!

Musterole Works Easier, Quicker and Without the Blister

There's no sense in mixing a mess of mustard, flour and water when you can easily relieve pain, soreness or stiffness with a little clean, white Musterole.

Musterole is made of pure oil of mustard and other helpful ingredients, combined in the form of a pleasant white ointment. It takes the place of out-of-date mustard plasters, and will not blister.

Musterole usually gives prompt relief from sore throat, bronchitis, tonsillitis, croup, stiff neck, asthma, neuralgia, headache, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

FRENCH LOSS IS SLIGHT

Ministry of Marine Reports Sinkings by Submarines.

Paris, March 23.—The ministry of marine issued the following statement of arrivals and departures of vessels in and from French ports during the week ending March 18 and of vessels sunk by submarines or mines:

"During the week ending March 18 at midnight 929 merchantmen of all nations, above 100 tons net, excluding fishing boats, entered French ports; 914 departed.

Six French merchantmen of over 1,500 tons gross each, six under 1,500 tons and fifteen fishing boats were sunk by submarines or mines. Three vessels were attacked without success."

Notice of Termination of Land Contract

Default has been made by the purchaser in the terms of the contract for deed executed by J. G. Hammer, of the village of Jenkins, county of Crow Wing, state of Minnesota, vendor, and Albert Siedel, purchaser, dated March third, 1916, whereby said vendor agreed to convey to said purchaser, on the terms and conditions therein stated, the premises situate in Crow Wing county, Minnesota, and described as lot Five (5) section thirty-five (35), township one hundred thirty-seven (137), range twenty-nine (29) west, Crow Wing county, according to Government survey and reservations, all mineral rights reserved. Said default consists in the failure of said purchaser to pay or cause to be paid the installment of \$100.00, due on said contract March 3rd, 1917, together with the interest thereon, at the rate of 7 per cent per annum, since the 3rd day of March, 1916, and the further sum of \$22.75, interest upon \$325.00, at the rate of 7 per cent per annum, since the 3rd day of March, 1916.

Notice is hereby given, that said contract will terminate ninety days after the service of this notice, unless prior thereto said purchaser, his representatives or persons holding his right, shall comply with the conditions of said contract, in which default has been made, and pays the costs of service of this notice.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glasses of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and forms gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel; like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headache or have any stomach disorder should begin this inside bathing before breakfast. They are assured they will become real cranks on the subject shortly.
